The Henry's Drive range reflects exactly our approach to winemaking. Our fruit is carefully graded with only the very best from small sections of our vineyards being selected for Henry's Drive. Made with minimal intervention, each are single varietal wines of great length and longevity that are a true expression of their vineyard, region and variety.

*The 2006 Reserve Shiraz, made exclusively with fruit from an exceptional single vineyard in Padthaway. The colour is opaque red with a purple hue. The complex nose displays an abundance of violets, rose perfumed talc and dark cocoa. Lively aromas of mint and eucalyptus, fill the headspace. These aromas all evolve in the glass over time continuing to stimulate and impress.*

*The powerful palate from the start hits with luscious sweet blackcurrant fruit, leading into the tight elegant structure which enfolds creamy and toasty layers. The long chewy tannins vie with the flavours of caramel, mocha and wood fired oven bread. This unique Shiraz is a stunning and superbly balanced wine.*
